

# SFERA – Solar Facilities for the European Research Area

## Coordination and Support Activities

### Great Opportunities to network with CSP Stakeholders

#### Doctoral Colloquiums

- To create a culture of cooperation between the PhD Students
- To strengthen relationships between this new generation of CSP experts

2010	PROMES, France	44 PhD Students
2011	ETH, Switzerland	37 PhD Students
2012	PSA, Spain	38 PhD Students
2013	DLR, Germany	46 PhD students

#### SFERA Schools

- To create a common training framework on CSP
- To transfer knowledge gained in SFERA
- 158 participants in 4 years

2010	PROMES, Fr	Radiation in Solar Systems
2011	ETH, Ch	Solar Fuels & Materials
2012	PSA, Es	Solar Thermal Electricity Generation
2013	DLR, De	Measurement Tools & Standardization

#### Conferences

- Information Sessions & Exhibition
- To disseminate to a wider public
- To attract new users

SolarPACES 2010 France	SolarPACES 2012 Morocco
SolarPACES 2011 Spain	SolarPACES 2013 United States

#### Other Networking Activities

- Newsletters, Brochures, Posters, Dissemination of the Research Activities in Publications
- Standardization Activities, Exchange of personnel, Creation of a CSP Ontology
